**Mission Statement**

Texarkana College Cosmetology strives to provide the educational tools needed for students to become exceptionally trained, qualified professionals in cosmetology. By providing each student with a comprehensive education for employment and advancement in the beauty industry.

**What Can Be Expected**

Texarkana College Cosmetology offers more than just the education necessary to pass the state board examination to become a practicing cosmetologist, esthetician or nail technician. We offer an education far beyond the “how” and into the “why.” All course offerings stem from Pivot Point’s fundamental art and design concepts and principles and incorporate classroom instruction as well as practical client application. We also require students to complete at least four community service projects teaching students the importance of giving back to the community. A Pivot Point education stands apart from others, giving our graduates an advantage to gain the prestige of being associated with an educational institution that is known and respected throughout the world.

**Pivot Point is Unique**

Pivot Point teaches design through its Designers Approach program. This approach has its roots in the Bauhaus Theory established by Walter Grophius in 1899. This theory is based on a unique harmony between science, technology and art. Originally directed toward architecture, Grophius broke tradition by blending scientific formulas and measurements with artistic visual effects. Decades later, Pivot Point’s founder, Leo Passage, used these same principles to create a curriculum based on a set of design principles that would bridge cultural and language barriers. This makes it possible for virtually anyone, anywhere, to learn through Pivot Point’s unique system of teaching.

As with any art form, cosmetology, esthetics, and nail technology can be broken down into basic elements. Design principles are universal plans of organization that can be effectively applied to hair, skin and nails as in music, poetry and other art forms. Pivot Point has developed and utilized an educational foundation based on timeless universal principles of art and science. These two disciplines blend to form a practical educational framework that has a scope beyond a beauty school. Vocational training centers worldwide have adopted our curriculum and teaching system—making our concepts internationally accepted.

**Worldwide Education**

Pivot Point has affiliated training centers located around the world form a network of communication for sharing educational concepts and the latest fashion trends. This information is the inspiration for Pivot Point’s Trend a continuing education publication for salon professionals. Used in conjunction with basic design skills, Trend shows how to recreate the latest styles and techniques that are sweeping the fashion scene. Trend is part of the cosmetology curriculum and is the student’s link to what is happening in salons and spas worldwide.
All students are expected to complete 42 SCH in three semesters for full-time day students and six semesters for part-time night students. There is no financial aid for additional time needed to complete the program.

CLASSROOM POLICIES & PROCEDURES

Clocking Procedures
Texarkana College Cosmetology expects students to be punctual and prepared to begin class on time. Students are required to punch in and out in order to receive credit for the day.

- Students must have hair and makeup on prior to clocking in for the day
- Be in uniform including smock or a CORRECTLY worn Pivot Point Apron (2 & 3 semester students (other black aprons must be approved by the instructors).
- TC Student ID

Lunches and Breaks
Full-time students will be given two 10-minute breaks (one in the morning and one in the afternoon). A 30-minute lunch break is also required. Part-time students may take one 10-minute break.

Part time evening students receive 1 ten minute break and no lunch during the four hour class.

Time Clock Use for Breaks: Students are required to punch in & out for breaks in addition to signing in and out.

Time Clock Use for Lunch: Students are required to punch in & out for lunch (Both in AND out of the building in addition to signing in and out).

Disciplinary action may occur for failure to complete the proper sign in and out procedures.

Students will be assigned a lunch schedule.

***** NO FOOD OR DRINK MAY BE LEFT IN THE BREAKROOM FOLLOWING LUNCHES. DRINKS IN CUPS MUST BE THROWN AWAY IMMEDIATELY AFTER LUNCH AND NOT LEFT OUT OR PLACED IN THE REFRIGERATOR. Bottles with screw on caps are the only drinks allowed to remain after lunch. Any and all food items NOT secured in lunch boxes will be thrown away.

Procedure for Breaks
Students must receive a break pass from an instructor, sign-out, punch-out, return in 10 minutes, punch-in, sign-in and return break pass to an instructor. Students taking excessive breaks will receive disciplinary action.
Students exceeding time for breaks and lunch may receive an absence.

Early Departure
A student who leaves the Cosmetology Department with permission must:

- Notify the instructor
- Sign Out
- Clock out

Attendance Monitoring/Participation Grade
Students will receive a participation grade based on attendance for both the day and night programs.

All Cosmo students park behind the building and around the outer perimeter on the side.
NOTE: Pivot-Point International is a community service based organization. Cosmetology students are required to participate in a minimum of two community services each semester for a grade while enrolled in the program.
Throughout all courses students are evaluated by qualified instructional staff and guided to the highest level of their potential. Students are evaluated and tested based on their technical skills and theoretical knowledge. The evaluation of progress is administered through online content, online tests and practical exams. Students are required to take all exams and complete all assignments within the course curriculum as described and/or assigned.

Students will be graded on the accumulation of points each semester, providing students an easy way to track progress and determine their grade. Each course grade will be based on the scale of 100 earned from daily work, tests/projects/final, and attendance averaged into each course grade. Letter grades will be assigned. Practical exams are graded with a pass/fail system consisting of specific criteria, known as “Elements.” Each passed Element within a practical exam will receive a point. Points are then tallied and issued a score based upon total number of Elements covered. Practical exams are performed on practice mannequins, student- provided models, clients/guests of the Cosmetology Department, and/or a combination of all the above.

Note: All students are required to pass all phases/segments in order to move to the next phase/segment. Exams (practical and/or online) may be timed in order to assess the student’s timing and efficiency against the standards in the beauty industry.

Grading Scale
The grading system is based on a scale of 100. Scores of 70% to 100% are considered to be satisfactory (Passing). A student must maintain a cumulative grade average of 70% or better at the time of official evaluation to be considered progressing in a satisfactory manner in the course.

Phase Requirements
In order to pass a phase/segment of the course, a student must complete all exams and assignments in the phase/segment as applicable to the course. The student must also achieve a minimum cumulative grade average in that phase/segment of at least 70% practical and 70% theory. Failure to pass a phase/segment of the course will result in termination from the course.

All exams and assignments are required to be completed by the end of the phase/segment in which the exam and assignments are scheduled, as applicable. Failure to make up an exam may result in termination due to failure to pass the phase/segment. In case of mitigating circumstances, a student may request an extension from the Program Coordinator. Documentation is required and must be submitted with a request for extension.

Phase 1 students must complete a Style Book in Pinterest. Phase 2 students must complete a Portfolio of their work for CSME 2343 Salon Development in LAB.

Each course, in addition to the above, has rubrics, smart notes, design decision charts and/or online tests to complete.
CLASSROOM POLICIES & PROCEDURES

Exam Make-Up
If a student is absent on the day of an exam (online or practical), or on a day an assignment is due, he or she is required to make up all exams and/or turn in all assignments the same day of returning to class, and during times established by an educator. To maintain the credibility of the exam an alternate exam will be used.

Failure to make up an exam or turn in assignments in accordance with the make-up policy requirements will result in a recorded grade of 0%, which will be factored into the student’s grade average and will therefore impact the student’s satisfactory progress determination.

Assignments
Students enrolled in the Cosmetology Program will be required to complete all assignments by the due date to receive a grade. No late work will be accepted for any assignments. Each course you are enrolled in has different assignments specific to that course. Please refer to your syllabus on myTC and the coursework tab in myTC for a complete list of your assignments.

Online Assignments

The Cosmetology Program consists of 3 semesters for days and 6 semesters for nights. Each semester requires different assignments and projects to be completed and submitted online and in class, by the required deadline to receive a grade.

Chapter Test/Workbook
We will cover (4) Chapters from the Cosmetology Fundamentals textbook. You will be tested over these (4) Chapters with a 50-100 question tests during the semester and a comprehensive Final Exam at the end of the semester with 200 questions. All tests will be taken online through LAB.

SMARTNOTES
Workbooks will be due the day prior to the assigned test. No late work is accepted. Workbooks can be downloaded in LAB (www.learnaboutbeauty.com).

LAB Online Course Exams
Within LAB you will be enrolled in modules that coincide with the courses you are enrolled in. You will need to view each video, download and turn in assigned work and take the lesson challenges, which will be your course test. All modules must be completed in order to ensure competency of the procedure associated with practical rubrics to be tested over.

Online Projects
1st Semester and 2nd Semester students are required to complete a Stylebook and a Portfolio using Pinterest. Students will be enrolled in each module in LAB and can access rubrics and directions for each of these to be used as a guideline. Both projects will need to be completed in digital format within each app and viewed by an instructor to receive a grade.

PROFESSIONAL AFFILIATIONS

Texarkana College Cosmetology is a proud member and in good standing with the following agencies:
CLASSROOM POLICIES & PROCEDURES

Classroom Assignments

As part of your training to become a licensed professional you will be engaged in repetitious training to develop and sharpen your skill set for knowledge, speed and accuracy to match that of a professional. For this type of training you will be required to constantly repeat the same procedures continuously in order to gain the skills needed. We employ this training type through a Weekly Repetitious Training assignments, and Model Calls. Daily assignments are posted and MUST be completed each day in addition to continuous practice on practical procedures.

Weekly Repetitious Training

This assignment requires you to be constantly engaged everyday by completing specific hands-on practical applications on your manikin. This is to be completed each day even with receiving clients.

Model Calls

As part of your training you are required to become engaged with the public, so it becomes second nature in the field. For this assignment you will be asked to hand out Model Calls, which are vouchers for a free haircut and basic style to people that you normally would not become engaged with in public. As a disclaimer, if a person seems to be dangerous, do not approach them. Use your best judgment when approaching strangers.

You will be required to bring in (2) Model Calls each month only. An instructor must sign the voucher and verify that they have not received any services from TC in the past. You will need to keep up with the voucher and turn it in to receive a grade. Take before and after pictures of your work.

Practical & Course Repetitious Training

This assignment is tailored for each semester to cover practical rubrics pertaining to the courses you are enrolled in. This will need to be completed and turned in no later than the assigned due date before the end of the semester. You will be responsible for accessing the content to complete practical assignments. Assignments can be viewed in LAB and myTC.

Course Rubric Testing

All course related work in LAB will need to be completed by the deadline given by the instructors. Rubrics will be assessed as a class to demonstrate proficiency in each course rubric. This will count as a substantial portion of your grade. Please keep in mind if help is needed ask in advance. If for some reason you do not complete the required modules for each course rubric prior to the testing date, you will not be allowed to test that day. You will have to schedule a day to make up any exam(s) and the highest grade you will be able to make is a 70%.
CLASSROOM POLICIES & PROCEDURES

Course Assignments

Discovery Phase- Test Out to the Clinic Floor
At the end of the first semester students will be tested over practical procedures learned thus far. This exam will be graded on skill, proficiency, timing, and accuracy. Students must make an 80% or better to pass this exam and go to the clinic floor.

Salon Mentoring & Shadowing (Day Program)
Salon Shadowing is scheduled with participating salons. Students may be required to clock in at the school on time just like any another day. Please keep in mind that you are representing Texarkana College and the Cosmetology Department; it’s considered a privilege to be able to participate in this opportunity. You will need to wear your Texarkana College Cosmetology uniform and TC Student ID badge. Remember you will need to have your TDLR Student Permit with attached picture with you while at the salon. It’s unlawful for you to receive compensation from the Salon and you are only able to shampoo and observe per TDLR Rules & Regulations. In lieu of salon mentoring, the night students will participate in field trips to local salons.

Community Enrichment
Texarkana College Cosmetology has partnered with several outreach programs in the city to help enrich our community. Through this, we teach our students the importance of social responsibility to help those in the community that need it most. We require our students to participate in school-sponsored events as well as participating in 2 additional community enrichment projects every semester. Please verify which event you will be helping at with an instructor prior to each event.

State Written Exam Practice
Each student will be scheduled to use the computers in the TC library to practice for the State Written Exam. Students must be scoring in the upper 80% before scheduling this test. Instructors must verify your test scores. You are required to take and pass this test before the last week of the semester. This will count as a course grade.

State Practical Exam Mock Board Exam
Each student will be required to participate in this exam. This will give you the opportunity to see the format of the practical exam and ask questions. This will count as a major test/course grade.

The Program Coordinator reserves the right to make changes when deemed necessary.
