

Texarkana College
Student Nurse Association Scholarship

Purpose: The Texarkana College Student Nurse Association (TCSNA) Scholarship Fund awards scholarships to nursing students with successful completion of core studies and current enrollment in the Texarkana College Associate Degree Nursing (ADN) program. The scholarship award will be based on demonstrated academic achievement, financial need, community service, and an expressed interest in pursuing a nursing career.

Criteria: Eligibility for this scholarship must be nursing students that have been active in the TCSNA during their two freshman semesters, current enrollment, involved in TCSNA in their third semester of the senior year, and possess up-to-date memberships with the TCSNA, Texas Nursing Student Association (TNSA), and/or the National Student Nurse Association (NSNA). Consideration will be given to academic achievement, financial need and the student's community service record. Students should submit a scholarship application on the form provided by the TCSNA. In addition to the application form, a 300-word essay describing how you envision your nursing career and your role in the professional arena of nursing is required.

Guidelines: The scholarship will be awarded on an annual basis and disbursed in one payment in the spring semester. The number of scholarships to be awarded will be determined on available funds in the TCSNA account. Students must continue to attend classes with satisfactory progress and maintain no lower than a 3.0 GPA average (or equivalent).

Amount: Each scholarship awarded will be a minimum of \$500.00 annually to be paid in installment.

Deadline: The deadline is the date after which applications will no longer be accepted. The association uses the postmarked date to determine mailed entries.

Renewal process: This scholarship is renewable only at the discretion of allowable funds, agreement of the appointed faculty sponsors, and the Dean of Health Sciences.

Board: The Board choosing the scholarship recipient(s) includes the appointed faculty sponsors and the Dean of Health Sciences.

Please submit applications by March 31, 2020 to:
