COSMETOLOGY STUDENT TEACHER PROGRAM

27 SEMESTER CREDIT HOUR COSMETOLOGY STUDENT TEACHER PROGRAM

Students can expect to complete this program in two semesters attending full-time and are in satisfactory academic progress. Additional program information may be found online at www.texarkanacollege.edu

Course Objectives

The objective of the Student Teacher Training Course is to prepare the licensed professional to become a well-trained and well- rounded teaching professional. Pivot Point strives to teach a variety of techniques and principles that graduates will be able to rely on throughout their teaching career. Students in this course will also receive assistance in preparation for the state licensing examination.

Student Teacher Training Course Description

The Student Teacher Training Course consists of theoretical and practical instruction. The teacher trainees demonstrate their knowledge of all subject matter in theory and application, through the completion of required written and practical applications. This curriculum and course of study are designed to instruct a teacher trainee in basic teaching methods and Mindful Teaching while instructing with the latest in interactive

education and DVD technology. It is anticipated, for the effective implementation of this course, that the trainee is proficient in the art and practice of cosmetology.

Following sound training principles, the course provides an opportunity for each teacher trainee to observe and assist experienced teachers in the performance of their duties, to perform skill demonstrations, to have supervised practice teaching and to thoroughly study the principles of teaching. The course permits the trainees to apply, in a classroom atmosphere, the practices and theories to which they are exposed in the course while under the supervision of a licensed educator.

During **Phase 1** students will receive instruction on seven modules including Mindful Teaching, Brain Basics and Learning, Preparing to Teach, Classroom Management, Instructional Methods, Assessing Learner Progress, and The Art of Teaching. This phase will also review the state licensing requirements and business methods.

As students progress to **Phase 2** they will begin shadowing under the direction of a licensed instructor in the classroom and student salon environment training on all areas of the cosmetology course. Students will also begin to prepare for the state licensing written and practical exams.

Supplemental book required for this course: Milady Master Educator Student Course Book / Exam Review

Instructional Methods

Within the course, students will be taught through audiovisual presentations, lectures, demonstrations, practical hands- on experiences, question-and-answer sessions, discussions, and written practical testing.

COSMETOLOGY INSTRUCTOR PROGRAM

*Instructor students must receive 27 SCH by completing all courses and attending each semester in full before graduating.

EDUCATIONAL MATERIALS

Texarkana College Cosmetology offers a highly interactive system that allows students to move from simple to complex. Our modular training aids and conceptual tools offer students unique and creative methods of discovery. These tools help create a foundation for the student to be able to predict and to clearly visualize the desired outcome. This step-by-step process is one reason why Pivot Point graduates are so successful.

Textbooks

Pivot Point International, Inc. publishes downloadable textbooks for students to receive during their course of study. These ebooks are filled with step-by-step photographs and illustrations. Supporting audio-visual programs, which relate directly to these textbooks, are used within the classroom. This helps to ensure a consistent education. Textbooks not only give a solid educational foundation but also create a reference library that can be used throughout one's education and career.

Online

In addition to educational text's issued, student have access to a wide variety of educational resource materials through Pivot Point LAB and Wella Interactive. Both require the use of an approved electronic device and connection to the internet.

EDUCATIONAL TOOLS & EQUIPMENT

The educational tools provided are professional, state-of-the-art items designed by artists and educators who believe in precision workmanship. As cosmetology students progress through each phase or segment of education, they have an extensive set of equipment that has been designed for optimum learning.

When taken care of properly, most tools will transition with the graduate as they progress into a future in the industry. Educational materials, once issued, are non-refundable.

Textbooks and/or other educational materials are fundamental to the learning process. All tools should be present and are required to be maintained in a clean and sanitary manner at all times. Texarkana College Cosmetology is not responsible for lost, damaged or stolen materials. Textbooks and educational tools and equipment are distributed to students on the first day of class.

Note: In the event that a phase must be repeated the student will be responsible for the purchase of additional educational materials.
