MISSION STATEMENT & INSTITUTIONAL BELIEFS

MISSION STATEMENT

Advancing our community through attainable higher education and lifelong learning.

INSTITUTIONAL CORE VALUES & BELIEFS

OPPORTUNITY

Our highest priority is increasing the number of people with higher education credentials in our region.

EXCELLENCE

Excellence is non-negotiable in financial management, facilities/grounds, and a safe and secure learning environment.

COMMUNITY

Community trust and support are critical to the College's success.

SUCCESS

TC is the economic engine of the area, and our programs provide a high return on investment for our students and the community.

INTEGRITY

First class human resources and commitment to continuous improvement of institutional culture are vital to student success.

2016-2018 STRATEGIC PLAN

OUR MISSION

Advancing our
community
through attainable
higher education
and lifelong
learning.

MEDIA RELEASE

AUGUST 31, 2018

Texarkana, Texas—This year Texarkana College's enrollment topped 8,500, a record number that College officials partially attribute to the College's annexation of its service area in Cass County, Texas, in Fall 2016. Since a portion of Cass County voted to join the TC district, residents in that area now enjoy significant discounts with in-district tuition rates, enabling more people to earn higher education degrees and credentials at a lower cost. Just last week the College held a ribbon cutting for a state-of-the-art Cass County training site for high-demand occupations in the region, including industrial maintenance, welding and cosmetology.

TC's enrollment growth can also be attributed to last fall's full launch of the institution's Quality Enhancement Plan, which pairs students with a faculty advisor in their field of study and enrolls those students in a course that helps them develop good study habits and leadership skills.

The community continues to show more support for the College than ever before. Last month the TC Alumni & Friends Network welcomed its 1000th member, and the TC Foundation has secured more than \$3 million in donations since 2016, pushing it well on its way to achieving its goal of reaching \$10 million in assets by 2020.

TC's financial aid department reported this spring that student loan default rates remain less than 30 percent, ensuring that TC students will continue to have access to federal financial aid to fund their educations.

TC faculty are reporting positive results from the College's new standardized model for online courses, which rolled out in January 2017. Faculty worked collaboratively

by department to standardize online courses according to Quality Matters standards, an international initiative ensuring quality curriculum and pedagogy in distance education. As a result, students can expect consistent rigor and quality from all of TC's online and web-enhanced courses.

After upgrading facilities and improving outdoor lighting for added security, the College recently replaced core equipment in its academic buildings to ensure the highest level of technology is available to students. Another facility improvement is the Perot Leadership Classroom. Established in 2016, this space in the Palmer Memorial Library plays host to numerous leadership training courses for community businesses and organizations—in addition to TC's tailor-made continuing education and professional development offerings for local entities—to help boost economic growth in our region and create a higher return on investment in our local market.

TC intends to continue moving forward. According to President James Henry Russell, TC has come a long way in meeting strategic goals, but more work is yet to come.

"Students, faculty, staff and Trustees all helped design the strategy for TC's success, and I could not be more proud of the progress we've made," Russell said. "TC is doing an excellent job of helping the state reach the lofty goal of 60% of persons in Texas holding a higher education credential by year 2030 (60X30TX). This is a lofty goal but one that can be reached by establishing a college-going culture within our communities. This is TC's ultimate goal—to help secure a better future for our state by doing our part right here at home. It's a win-win for us all."

2016-2018 TOP PRIORITIES

- Boosting enrollment to 8,500 for 2017-2018 academic year
- Annexing TC's service area in Cass County in November 2016
- Achieving a student loan default rate of less than 30%
- Reaching \$10 million in TC Foundation assets by 2020 and growing the TC Alumni & Friends Network to 1,000 members by 2018

CORE VALUES & BELIEFS

Opportunity

Our highest priority is increasing the number of people with higher education credentials in our region.

Excellence

Excellence is non-negotiable in financial management, facilities/grounds, and a safe and secure learning environment.

Community

Community trust and support are critical to the College's success.

Success

TC is the economic engine of the area, and our programs provide a high return on investment for our students and the community.

Integrity

First class human resources and commitment to continuous improvement of institutional culture are vital to student success.

OPPORTUNITY

Our highest priority is increasing the number of people with higher education credentials in our region.

Our goals:

- TC will boost enrollment to 8,500 for 2017-2018 academic year.
- TC will annex its service area in Cass County in November 2016.

EXCELLENCE

**Excellence is non-negotiable
in financial management,
facilities/grounds, and a safe and
secure learning environment.**

Our goals:

- TC will have a student loan default rate of less than 30%.
- TC will enhance and continue facility cosmetic upgrades.

COMMUNITY

Community trust and support are critical to the College's success.

Our goals:

- The TC Foundation will reach \$10 million by 2020, and the TC Alumni & Friends Network will have 1,000 members by 2018.
- A public relations campaign will educate the public on the value and marketable skills associated with obtaining higher education credentials.
- 90% of people surveyed will answer "yes" to the ultimate question: "Is TC a great place to start or start over?"

SUCCESS

Texarkana College is the economic engine of the area, and our programs provide a high return on investment for our students and our community.

Our goals:

- TC will aggressively engage local businesses and industries to identify training barriers and opportunities, responding by developing customized leadership and skills training through our Community & Business Education Center and exploring the viability of new Workforce Education certificate and degree programs.
- TC will build on the Perot Leadership Classroom in the Palmer Memorial Library to create a rich leadership curriculum that is offered community-wide for leadership training and enrichment programs.

INTEGRITY

**First class human resources
and commitment to continuous
improvement of institutional
culture are vital to student
success.**

Our goals:

- By January 2017, all online courses will meet Quality Matters standards (*an international initiative to ensure quality curriculum and pedagogy in distance education.*)
- TC will fully implement the SACSCOC Quality Enhancement Plan, **Connect: Start Smart. Finish Strong.** by Fall 2017.

BUDGET DATA

EXECUTIVE REVIEW

The following documents provide summaries of the Texarkana College's 2016-2017 budget. The schedules detail projected revenue of \$42,106,234 for 2016-2017 when all funds are considered. This includes local tax revenue, state and federal funds and other sources, such as our auxiliary funds. Local M&O tax revenue is projected to be \$5,730,475 and State Funding revenue, including benefit funding, is projected to be \$8,633,694.

The following significant estimates or projections are integral to the preparation of this budget:

- ◆ Enrollment remains constant from the 2015-2016 school year to the 2016-2017 school year. At this time enrollment numbers are still being verified and an adjustment may be necessary to budgeted tuition and fee revenue once Fall enrollment is verified.
- ◆ Total PELL and Student Loan revenues and expenditures are estimated at \$13,500,000.
- ◆ Tax revenue is based upon certified values provided to the college by Bowie Central Appraisal District in July of 2016. Tax Revenue is based on an estimated projected rate of \$.110718 an increase of \$.005451 over the current year rate of \$.105267.

Using the projected revenue and estimated expenditures for all funds, we are projecting a budget surplus of \$23,250 for the year ending August 31, 2017. This break-even budget does not include capital projects.

This Final Draft budget was prepared based on information available as of August 18, 2016, and will be revised and updated as additional information becomes available.

CERTIFICATION OF 2016 APPRAISAL ROLL
FOR
TEXARKANA COLLEGE

I, John Michael Brower, Chief Appraiser for Bowie Central Appraisal District, Bowie County, Texas, solemnly swear that the attached is that portion of the Approved Appraisal Roll of the Bowie Central Appraisal District which lists property taxable by Texarkana College.

Chief Appraiser

John Michael Brower

Date 7/21/16

State of Texas
County of Bowie

Before me, a notary public, on this day personally appeared John M. Brower, known to me to be the person whose name is subscribed to the foregoing document and being by me first duly sworn, declared that the statements therein contained are true and correct.

Notary Public's Signature

Mr. Mike Brower
Chief Appraiser
Bowie Central Appraisal District
P.O. Box 6527
Texarkana, Texas 75505

Re: Certified Values compared to Certified Estimates

Dear Mr. Brower:

The Certified Estimates we provided to our clients back in April were very conservative in nature and based upon a general trend we expected statewide due to the huge down turn in the oil and gas industry and its effect on all businesses in Texas. On January 1, 2015 the price of crude oil was \$54.59. On January 1, 2016 the price of crude oil was \$37.88, a decrease of 31 percent. On January 1, 2015 the price of natural gas was \$2.99. On January 1, 2016 the price of natural gas was \$2.28, a decrease of 24 percent. Hundreds of businesses in the state have closed and thousands have lost their jobs. Even Wal-Mart closed retail stores because of the economy. At the time of the estimates fourth quarter profits 2015 for domestic corporations nationwide were down \$129 billion and GDP was a stagnant .5 percent.

Estimating real estate values in April can be relatively accurate, but personal property is highly mobile and therefore difficult to accurately estimate without data from the companies themselves. Inventories come and go and machinery and equipment may be used more or used less than the previous year. Therefore it was our opinion that the Certified Estimate should be sufficiently conservative to ensure the final certified values are higher than the estimate. In other words, better to tell the jurisdictions you are getting more than tell them you are getting less. The only adjustment for specific counties were based upon our property inspections. If we know a new business is in the county or if a company closed we made those adjustments for that particular county. We also did not include a value for drilling rigs in the estimate due to their mobile nature and unique situs options in the property tax code.

We made general adjustments based upon the industry for the utility values. For example, we knew railroads in general would be down based upon industry revenue projections. The same for pipelines, but there was insufficient specific pipeline company data in April to make individual company projections. Thus you had some pipelines who did not have long term contracts whose revenues dropped dramatically and others with long term contracts whose revenues stayed relatively constant. The key thing to remember this year with any income based appraisal is that if revenues decreased the expenses stayed the same.

Certain general assumptions were also made for personal property and industrial real property statewide. The downturn in oilfield work has an impact on supply and demand for mobile equipment, inventories, machinery and equipment, and vehicles. The more direct the relationship with oil and gas a company has the greater

impact the downturn in the oilfield had, but the downturn effects every business in one way or another. Without the oil patch these past several years Texas would be in the same recession as the rest of the country. We did not have utilization information for machinery and equipment or mobile equipment so we used a 10% reduction overall compared to the previous year for those categories and a similar reduction for buildings associated with industrial properties. Fortunately for many jurisdictions in Bowie County the oilfield economic impact was minimal. Unfortunately for us it meant our estimates were very low.

Very truly yours,

Gregg A. Davis
Executive Vice President
Capitol Appraisal Group, LLC
