

Students don't just **start** here.  
**They finish** here.

▶ **Texarkana College ranks **first** among all Texas community colleges in student completion rates.**

Data from a 2016 study by the Texas Higher Education Coordinating Board shows 39.2% of TC students complete a degree or certificate within four years, compared to the state average of 24.6% for all state community colleges and 33.91% for state universities.
